Your duty to take reasonable care

When applying for insurance, you are agreeing that you will take reasonable care not to make a misrepresentation to us before we issue your contract of insurance. A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This obligation applies when you make new applications for insurance, when extending or amending existing insurance and when reinstating insurance, up until your application, amendment or reinstatement is accepted by us and the cover is issued.

If someone assists you to make this application, you are responsible for the information they give to us.

Please note that there may be circumstances where we later investigate whether the information given to us was true. For example, we may do this when a claim is made.

If you do not meet your duty to take reasonable care

If you do not take reasonable care not to make a misrepresentation, this can have serious impacts on your insurance. Your plan and/or cover could be cancelled and/ or avoided (treated as if it never existed), or its terms may be changed. This may also result in a claim being declined or a benefit being reduced.

Guidance for answering our questions

When answering our questions, please:

- Think carefully about each question before you answer. If you are unsure about the meaning of any question, please ask us before you respond.
- Answer every question that we ask you.
- Answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it, or check with us.
- Review your application carefully before it is submitted. If someone else helped prepare your application (for example, your adviser), please check every answer (and if necessary, make any corrections) before the application is submitted.

Changes before your cover starts

Before your cover starts, we may ask about any changes that mean you would have answered our questions differently. As any changes might require further assessment or investigation, it could save time if you let us know about any changes when they happen.

What can we do if the duty is not met?

If you do not take reasonable care not to make a misrepresentation, we may exercise our rights to put us in the position we would have been if that obligation had been met.

Failure to take reasonable care may result in the following:

- we may avoid your cover within three years of entering into it
- we may reduce your cover in accordance with a formula that takes into account the premium that would have been payable, if your duty had been met, or the misrepresentation hadn't been made. Any reduction in
- respect of the death of an insured person can only occur within three years of the cover commencement date
- we may vary your cover (except for Life Cover) in such a way as to place us in the position we would have been if your duty had been met
- if the misrepresentation is fraudulent, we may refuse to pay your claim at any time and we may treat your cover as having never existed; and/or
- in exercising the above rights, we may apply these rights separately to each type of cover.
- Whether we can exercise any of these rights depends on a number of factors, including:
- whether the person who answered our questions took reasonable care not to make a misrepresentation, depending on all the relevant circumstances
- whether the misrepresentation was fraudulent
- what we would have done if the duty had been met; and
- in some cases, how long it has been since the cover started.

Before we exercise any of these rights, we will explain our reasons, how you can respond or provide further information, and also what you can do if you disagree.
